Upcoming Youth Events

You will find all the youth activities for the year on the homepage! The latest event will always be automatically displayed at the top. When you click on an event, you will be taken to the events page. Each event page will eventually have all the information you need to know, online registration,

carpool signups, temple trip signups, printable flyers, maps & more! We hope this will help with future communication, planning, stake unity & youth excitement to be part of all the fun opportunities ahead!

The "February Dance" page is up to date with the Carpool Signups and Dance Card info for Bishops.

Questionnaire

Online Carpooling Signups

Through the survey and feedback, we've discovered that the youth want to be at the Temple, Regional Events & Stake Activities!... BUT...

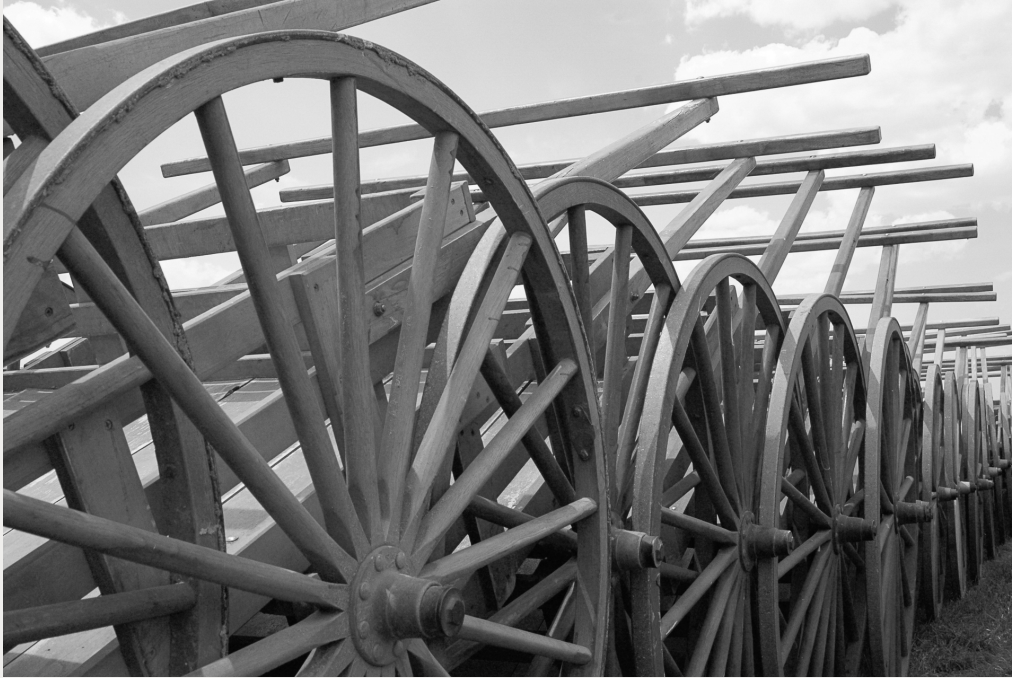

- They need to know that their friends or other youth are going.
- They need their Youth Battalion Leaders (Parents, Ward & Stake Leaders) excited, encouraging and willing to take them!
- They need the time together as small groups the car getting to know each other and bonding.
- YOU need a tool to help coordinate rides.

SO... let's test out a possible solution and see how it goes for the Regional Youth Dance above!
